## RUN OVER AND MAY DIE.

Herbert, Son of Mr. and Mrs. Ernest Mills,  
the Victim of an Awful Accident

This Forenoon

Herbert Mills, six year old son of Mr. and Mrs. Ernest Mills is lying at his home in a critical state as the result of injuries received this morning about ten o'clock when the little fellow was run into and knocked down by Philip Spencer, a driver for the Randall Livery, near the ice cream parlor of Mr. Mills on Beach street.

The attending physicians, Doctors Atwood and Walton cannot tell at the present time whether the injuries will prove fatal or not and it will be at least a day or two before they can speak more definitely on the case.

No more than one or two people saw the awful accident but O. H. Wehner, an employe of Hendrick's store, who picked the little fellow up after the affair in speaking to a representative of this

### DECIDED! AGREEMENT MADE.

New Lock Boxes Installed at Daytona's Postoffice.—Other Changes Accomplished.

Ninety-six new lock boxes of handsome pattern, the moving of the money order window, and the squaring of the general delivery department, makes Daytona's postoffice look somewhat more metropolitan.

For several days past these improvements have been in progress and the changes are exceedingly noticeable and gladly hailed by every one. The new boxes installed are of pretty pattern and as the postmaster has many inquiries for boxes they will be immediately taken up.

Postmaster Jolley thinks that in the course of a few months, the postal service will allow still further improvements.

**Anthony Brothers New Store.**  
Messrs. Anthony Brothers, who only last Saturday opened their handsome store in Daytona already report a good business.

Their store, which is one of the prettiest in Daytona is large and the line of goods is so arranged that a visitor to the establishment can see almost readily the several specialties which the store carries.

The firm naturally expects a good business in our city as they have become exclusive agents for Knox Hats. In headwear they carry an excellent line and the goods which they have on exhibition suits the most fastidious.

In clothing it will be to your interest to see Messrs. Anthony Brothers, as the Hart, Schaffner, and Marx's Clothing have a world wide name, and their goods will certainly please. They have all the latest cuts in plaids, chevrons, worsteds, etc.

As for shoes every one likes a good shoe, and the writer in looking over this department saw notably the Hanan shoes displayed. The Hanan is a stylish shoe and the several different patterns will certainly suit you.

### Special Session of City Solons.

The city board of alderman will meet this evening in the council chamber in special session, for the purpose of acting on the recommendation of the mayor submitted at the last regular meeting.

Mayor Smith in speaking to a representative of this paper said that he thought that the council should immediately get busy and make the several improvements in regard to sewerage and the extension of the pipes into Midway and Myrtle avenue. He said that the residents of those sections were in need of the improvement and he thought that the council should rightfully give it to them.

J. W. Wilkinson has rented Mrs. Rhodes' cottage on South Beach street to Lewis A. Stout of New York City.

### SUDDEN DEATH OF MRS. LUDWIG

The End Came Early Wednesday Morning—Remains Shipped to Cleveland, Ohio.

The many friends of Mrs. Isabella Ludwig will be grieved to learn of the sudden death of this estimable lady at her home Wednesday morning, shortly after one o'clock.

Mrs. Ludwig was 54 years of age and the cause of her death was gastro-enteritis. She was in excellent health until the day previous to her demise and her departure from this life came altogether unexpected.

No lady in Daytona was better known or better liked than Mrs. Ludwig. Her friends were counted by the hundreds and now that this blow has befallen George H. Ludwig, the husband of the deceased, together with her son and daughter, they have the kindest sympathy of the entire community. Mr. Ludwig was here at the time of his wife's death, while their son Charles was away from the city, being a student in Stetson University, DeLand. Their daughter was not here at the time.

The funeral was held yesterday morning at nine o'clock, from the family residence, Rev. Byron E. Marsh and Rev. C. M. Bingham officiating. The remains were shipped in the afternoon to Cleveland, O., their former home, where the interment will take place. The floral offerings were many and exquisite.

The public school has been closed for two days, out of respect to the deceased. Mr. Ludwig is one of the trustees of this institution.

### Change in Hardware Business.

Messrs. Dunn Brothers, formerly engaged in business at Palatka, have purchased the hardware business of Messrs. Mason & Wall, in this city, and will immediately assume control. W. H. Edmondson, who successfully managed the business, is yet undecided as to what pursuit he will now follow, or where he will locate. The senior member of the new firm was recently connected with the Towers Hardware Company in Jacksonville, and he thoroughly understands the business.

The infant child of Frank M. Smith, colored, died last Monday.

### SETTLED IN NEW QUARTERS.

The Daily Edition Makes Its Bow to the Public—Every Local Happening Is Desired.

For the third season The Daytona Daily News greets the public. This year the paper is larger and better than ever, and it is the aim of the management to make greater improvement from time to time.

The Daily News and the Gazette-News are now settled in their new quarters and our readers are cordially invited to call at any time and look over the plant.

Ever since the first issue three years ago the circulation has been gradually increasing; last year the average circulation was 750 copies per day, and this year we hope easily to reach the 1000 mark.

The Daily News wants 1000 reporters this year. No, this is not a joke. In other words, The Daily News wants every person, male and female, eighteen years of age and over, in Daytona and its environs to get on the staff of the paper. The Daily News wants every scrap of local news that is worth printing to appear in its columns. The best way to get it is to ask the people who know about the news to send it to the paper.

So if you know of anything that has happened, or is about to happen, tell the city editor about it or write to him. It is worth printing The Daily News will print it.

Let every man and woman, youth and maid in and around Daytona become a reporter for The Daily News.

### East Coast Hotel Openings.

The Daily News has been asked several times of late as to the opening dates of the East Coast Hotels.

The first of the hotels operated by the Florida East Coast Hotel Company to be opened this winter, will be the Hotel Alcazar, St. Augustine, Fla., which will open Saturday, December 8, with Manager J. P. Graves. Next comes the Breakers, at Palm-Beach-by-the-Sea, opening Saturday, December 23, with Fred Sterry manager. The Hotel Royal Palm, Miami, H. W. Merrill, manager, will be opened Monday, January 8. On Tuesday, January 9, Robert Murray will open the Ponce de Leon, St. Augustine, and on the same date Messrs. Anderson and Price will open Hotel Ormond, Ormond-on-the-Halfway; also on the same date H. E. Bemis will open the Hotel Colonial, Nassau, N. P. The last to be opened will be the Hotel Royal Poinciana at Palm Beach, under the management of Fred Sterry.

W. M. Holloway, State Superintendent of Public Instruction, who has been on trial on the charge of criminal libel brought by W. N. Sheats, was acquitted at Gainesville this week. This trouble is the outcome of the political campaign of last year, when Sheats and Holloway were candidates for the same office.

## THANKSGIVING IN DAYTONA

How the Day Was Spent by the Residents and Temporary Sojourners in the Lively Fountain City.

Thanksgiving, as a day set apart by the President and Governor of the State of Florida, was generally observed by all classes. The several events attracted considerable interest and there was not the slightest occurrence to mar the pleasure of any one.

Those who did not like boat racing or baseball playing went to the beach, some taking a dip in the briny deep, while others spent the day leisurely at home after attending Thanksgiving services at their respective churches.

The hotels too celebrated the occasion and green ivy with a profusion of other decorations made the parlors and dining rooms of the many hostleries look very homelike in appearance. Special Thanksgiving dinners were served and some of the hotels did a good business in furnishing dinners to people who did not care to trouble themselves by making preparations for the repast.

The merchants in Daytona, most of whom spoke personally to a representative of the paper, said that the Thanksgiving trade was the best ever known which they say is an indication that the winter's business will be a hummer.

Families who had relatives out of town were made happy by their appearance and in some instances there were small family reunions.

### DANCE AT MARLO'S CASINO.

One of the most enjoyable events of the fall was the dance given by the Clerk's Club at Marlo's Casino Thursday evening. There was a fair crowd in attendance and every one had an excellent time. The music furnished was good and it was a late hour before the young people repaired to their homes.

### FOR CEMETERY BENEFIT.

Thanksgiving dinner was served in the Armory by a committee for the benefit of the Pinewood Cemetery Association. Two or three hundred people partook of the sumptuous repast and the proceeds netted a neat sum.

### DAYTONA BALL TOSSERS WIN.

The game of ball played Thanksgiving Day by the Daytona Rifles and Seabreeze boys resulted in a victory for the former by a score of 4 to 0.

The game was hotly contested throughout the winning team making one run in the first inning and the other ones following in close succession.

The Seabreeze boys are unusually

good at the stick but Pinkerton held them down in fine shape and but few hits were recorded. The batteries were Pinkerton and Nesbitt for Daytona, Wilder and Hopkins for Seabreeze.

### RESULT OF MOTOR BOAT RACES.

Arthur Pellett's motor boat, No. 1, was victorious in yesterday's races, leading the Birchwood boat by one minute and twenty-four seconds on the finish.

The races were exciting in the extreme and the result in doubt almost to the last. The entries were White Streak, Pellett's Boat, No. 1, the Birchwood boat and Harry Thompson's racing craft. The last mentioned boat was the last to start, but owing to rough water she filled with water on two occasions and it was necessary to stop. The owner decided to withdraw her from the contest. Before her last mishap she was gaining rapidly and it was plainly seen that had the weather been calmer, the boat stood an excellent chance to carry off honors.

Mr. Pellett's boat is a very seaworthy craft and she sped over the course with considerable ease. At several stages of the race the boats, with the exception of the Thompson craft, were nip and tuck.

The prizes, consisting of 75 gallons of gasoline for the first prize and 35 for the second, were awarded by the Halifax River Yacht Club.

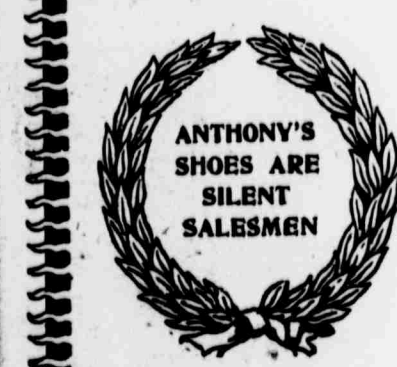

The dock and river front in the vicinity of the club house was crowded and most every one was pleased with the event, but the wind blowing as it was did not make the race altogether satisfactory.

Messrs. J. H. Allen and E. T. Conrad were the committee in charge.

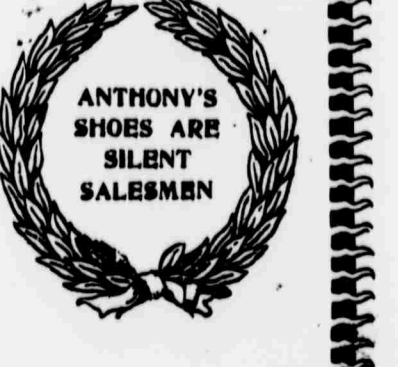

Following is the time as recorded by the official timekeeper:

	Start	Finish
White Streak	3-27-7	4-18-37
Birchwood	3-30-10	4-17-14
Pellett	3-29-27	4-15-6
Thompson	3-34-7	

Mr. and Mrs. J. Case, of Cairo, N. Y., are here for another season and have accommodations for the present at The Bennett. When their home at the corner of Volusia avenue and Beach street is complete they will move to the new abode. The Motor Transit Company Will Operate Cars in Daytona During the Winter.

E. C. Buffum, of Westbury, R. I., is the manager of a new enterprise which has been formed for the purpose of operating the Motor Transit Company. The Company will operate several cars and motor buses for the winter season. Five touring cars and one bus will be placed in operation each week and more added later if business demands.

During the winter season Mr. Buffum estimates the Westbury bus will be working R. I.

## REGULAR COUNCIL MEETING

The Fire Ordinance Again Called to Attention of Council. Other Important Matters Discussed.

The regular meeting of the City Council Monday evening was held at 8 o'clock in the City Hall.

It will be remembered that a similar ordinance was passed some time ago but was vetoed by Mayor Smith because of a recommendation presented by property owners on North Beach street.

The new ordinance has been taken up and will be taken up again at a later date. It was passed on first reading.

The usual hour of 10:00 was reached and adjourned.

Mayor Smith made a number of recommendations. Many of them were very timely and most of them were the result of "chicks" registered at his office.

### SEABREEZE AND DAYTONA BEACH

Things Heard and Seen on the Peninsula Opposite Daytona of Interest to Our Readers.

B. D. Woodard and wife, of Lawrence, Kansas, are guests of The Breakers. Mr. Woodard has spent several seasons here and will be recalled as one of the popular guests of the Colonades and the Clarendon. They have taken the Navajo cottage for the winter, and will no doubt prove a pleasant acquisition to the Seabreeze social set.

Dr. and Mrs. S. E. Solly of Colorado Springs are also registered at the Breakers. Dr. Solly is a prominent physician of that place and an old friend of Mr. and Mrs. J. B. Crocker, all of which makes their stay at the Breakers a pleasure all around.

C. H. Knappe is in fine health since his return. He was three weeks in the White Mountains bear-hunting, and about the same length of time hunting deer and moose in Penobscot County, Maine. He killed five deer. The antlers of them are being handsomely mounted, and will be shipped to him here later.

C. A. Creighton, wife and little Dorothy, came in on the three o'clock train Monday afternoon, and were warmly welcomed by their friends. Mr. Creighton reports a gain of some ten or fifteen pounds in weight while away. They came directly from Binghamton, N. Y., where they have been visiting relatives for a month past.

Mr. and Mrs. Carswell, who were here last winter, guests of the Clarendon, arrived here from Philadelphia Wednesday.

Two large Clarendon busses, which are being repainted and put in fine shape, will be run with four horses this winter.

The Colonades will open tomorrow. Mr. and Mrs. Webber of Pittsfield, Mass., are already booked, and there are several other families from the same place only waiting for the hotel groove to become a little set before they leave home with the Colonades as an objective point.

All the Colonades helpers, from the chef and headwaiter up and down the line have arrived. Jacob Gindlich, the proprietor, will return early in December, the family will not come until later in the season.

The color scheme of the lobby and sun parlor of the Colonades is a shade of green very restful and pleasing to the eyes, while the big, handsome, open fireplace gives the lobby and parlor a cheerful and homelike appearance that appeals directly to the home-loving instincts of tourists.

M. R. Knowlton of Chicago is here looking after the repairs on his property, formerly known as Post's business block. The drug store is receiving special attention.

Miss Delores Harding arrived home from Washington, D. C., Friday evening. She has been visiting with relatives in the Capital City, and Kayser, W. Va., for the past five months, and many friends are rejoiced to have her with them again.

Mrs. Helen Wilkins Post and Ada W. Powers have arrived from Los Angeles. They are both highly pleased with Los

Angeles and the liberal opportunity it offers in the literary field, and to the regret of their many friends here are more than likely to make it their future home.

Mrs. Sidney Haigh and children arrived home last week after a three weeks visit with friends in Mandarin. Miss M. A. Brown, first assistant of the Daytona High School, invited the teachers of Seabreeze to meet with the teachers of the Daytona public school Saturday evening at her hospitable home on Ridgewood. The following teachers were present: Professor Wright, principal of the Daytona school, Misses Aphorpe, Haeker, Stone, Holland and Northrup; Professor Rush, Misses Burgman and Halliday of the Seabreeze school. The evening was pleasantly passed in conversation and the rehearsal of some of the funny incidents coming within their professional experience. Refreshments were served before the party dispersed.

Mr. and Mrs. T. F. Williams returned from Tampa last Saturday. They report the fair a great success, and a credit to "Miss Florida," her soil, her rivers, her sea, and the thrift and enterprise of her people.

Mr. Stuart, Phil Stuart and C. H. Knappe made a trip to the Inlet Sunday and had a fine fish dinner. They went in the launch "Watson."

### Opera House, Wednesday Evening.

A. W. Wyndham, with the Imperial Kinetoscope illustrating the scenes of the Russian-Japanese war, will appear at the Opera House on Wednesday evening, Dec. 6th. Mr. Wyndham spent many years in a tour of the world, gathering these pictures and the performance promises to be well worth the admission price. Manager Osborne is fortunate in securing this booking.

### May Locate Office Here.

Dr. H. K. Dubois, of Port Orange, spent Wednesday in the city and returned to his home in the afternoon. The doctor has an extensive practice here and is thinking seriously of opening an office in this city. His many friends here would like to have him as a permanent resident.

### New Express Agent.

H. B. Neel, formerly of the Jacksonville office of the Southern Express Company has arrived here to succeed W. G. Williamson as agent for the company. Mr. Neel is a young man of pleasant personality and his business ability will make him an ideal man for the responsible place. His family is also with him and for the present they have accommodations at the Troy House.

### New Freight Warehouse Complete.

The new freight warehouse of the Florida East Coast Railway is complete, and the large business in the freight line which the road enjoys is now being transacted from the new quarter. The building is built in a durable manner, and the windows are encased with a heavy galvanized netting. The dimensions of the structure are 190x40 feet. The office is exceptionally roomy, and the force can now work to more advantage than ever before.

Smith & Thomas have rented the Wm. Byne cottage on First avenue to Mrs. H. A. Nix, of Havana, Cuba.

**...Wanted...  
1,000 Reporters!**

The Daily News wants 1,000 reporters. No, this is not  
a joke. We really want them, and we won't be happy until  
we get them.

In other words, The Daily News wants every person,  
male and female, 18 years of age and over, in Daytona and  
its environs, to get on the staff of the paper. The Daily News  
wants every scrap of local news that is worth printing to ap-  
pear in its columns. The best way to get it is to ask the  
people who know about the news to send it to the paper.

So if you know of anything that has happened, or is  
about to happen, tell the City Editor about it or write to him.  
Let every man and woman, youth and maid in and  
around Daytona become a reporter. The Daily News.

visitors here this week.

Postoffice Inspector Lake Jones of  
Jacksonville was in the city early in the  
week on official business.

J. W. Wilkinson has rented the John  
Maley house on South Beach street to  
George A. Weaver of Urbana, Ohio.

T. L. Howell, of New Smyrna, former  
agent for the Florida East Coast Rail-  
way at New Smyrna, spent Thursday  
here.

J. H. Harris and G. R. Lachmore two  
of Jacksonville's clever traveling sales-  
men were soliciting business in Daytona  
early in the week.

E. M. Holman has purchased an  
eighty foot lot on the north side of Fair-  
view avenue from John F. Stewart  
through Smith & Thomas.

O. F. Work, a young man from Clevel-  
and, Ohio, is a recent acquisition to  
our winter population. He expects to  
spend the greater part of the season  
here.

Teams for the past several days have  
been busy hauling shell to the yard sur-  
rounding the railway station. The shell  
is being used to fill in the holes and de-  
pressions.

"A Breezy Time" is not a one man  
show, by any means, but the cast is  
made up of a whole load of funny com-  
edians and pretty girls, whose festive  
jollity make you forget you have any  
troubles. At Opera House, Dec. 9.

The firm of Quigg & Miller, who for  
several months have conducted the  
Daytona Bakery, has dissolved part-  
nership, Mr. Quigg continuing the busi-  
ness. Mr. Miller will go to Jacksonville, where  
he will attend the Massey Business Col-  
lege.

The new Shanks building in which the  
office of The Daily News was removed  
this week is now receiving the finishing  
touches at the hands of the carpenters  
and mechanics. The lower floor, when  
finished will be used by J. A. Shanks &  
Son for their confectionary establish-  
ment. The rear of the upstairs portion  
is used as the composing room of this  
paper, while the offices in the front part  
of the building will be fitted up as the  
law offices for the firm of T. E. Fitzger-  
ald and Landis & Fish.

**...Wanted....**

**1,000 Reporters!**

The Daily News wants 1,000 reporters. No, this is not  
a joke. We really want them, and we won't be happy until  
we get them.

In other words, The Daily News wants every person,  
male and female, 18 years of age and over, in Daytona and  
its environs, to get on the staff of the paper. The Daily News  
wants every scrap of local news that is worth printing to ap-  
pear in its columns. The best way to get it is to ask the  
people who know about the news to send it to the paper.

So if you know of anything that has happened, or is  
about to happen, tell the City Editor about it or write to him.

Let every man and woman, youth and maid in and  
around Daytona become a reporter The Daily News.

## DAYTONA AND ITS ATTRACTIONS.

The Queen City Of Florida.

From the F. E. C. Railway Booklet.

10 Miles from Jacksonville.  
Fare one way.....\$3.30  
Round trip.....6.00

4 Miles from St. Augustine.  
Fare one way.....\$2.20  
Round trip.....4.40

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between the source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palms, glossy-leaved magnolias, fragrant bay and coral-barked holly, and many other varieties, while in many places the wild grape, the trumpet vine and the anemone-like daisy and daisy-like flowers form a shady bower and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. The river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macled and shell roads and streets, rendering it the

**Wheelman's Paradise**  
and added to these, but a mile away are thirty miles of smooth, hard beach that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

**The Beautiful Cottages**  
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding greatly to its attractions.

Not the least of these attractions to those seeking homes in the South and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivators and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric light, street and house illumination, a good telephone system, ice factory, City Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

**Water Supply**  
which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesium and iron, and holds sulphur in the shape of gas, which soon passes away.

**The Population of Daytona**  
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or

Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

**Daytona Beach**  
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Southern and Western summer resorts declare that there are none so perfect a comfort as Daytona beach.

**Automobile Race Meet.**

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a creek makes it the natural racetrack for America.

At low tide the beach is bare for 500 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-ringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebb tide, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing here the infant as well as the grey veteran of many summers, can safely enjoy the luxury of a sea bath brought the larger part of the year while the strong and expert swimmer an venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

**The Peninsula**  
lying between river and ocean is one-half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, at Fern house, two ocean piers, beach pavilion and a large casino.

**A Remarkable Feature**  
of Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter resort, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abode of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Seabreeze are settlements on the Ocean side of the peninsula across the Halifax River from Daytona. At the foot of Ocean Boulevard Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalla, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon, individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River only half a mile back of the ocean, is equally famous for its fine fishing and the varieties that abound in the ocean are present in the river. Hunting and fishing good. Ex. perished guides and dogs may be had at reasonable prices.

St. Hopkins and W. H. McClelland, of Titusville, are here for the season and have accepted positions with the Daytona Transfer Company.

Miss Givernand, of Boston, has arrived here for the season. She is pleasantly located at the Spangler cottage next to Surf Crest at Daytona Beach. South & Thomas rented the cottage.

Andrew Griffin and Fred Norman, of Titusville passed through here Wednesday evening enroute to the metropolis. Upon their return home they will stop over in Daytona a day or two.

Henry M. Flagler, the Standard Oil magnate and owner of the East Coast System arrived in Wilmington, N. C., on Tuesday accompanied by Mrs. Flagler. They spent Thanksgiving with the lady's mother, Mrs. William Rand Keenan and on Monday they will depart for St. Augustine where a suite of rooms are being arranged for them at the Hotel Ponce de Leon. From there they will go to "Whitehall," their palatial winter home at Palm Beach.

On trains arriving here from the North this week, many familiar faces were to be seen. All coming south report that the travel to Daytona this season will be a record breaker and that the city and its suburbs will enjoy the best and most prosperous season in its history. Many of those who were fortunate enough to come down the fore part of the week traveled via the Clyde Line from New York to Jacksonville. The voyage, passengers say, was an exceptionally pleasant one.

W. L. Wright, of Hannington, Pa., arrived last week, for a visit with his son, J. L. Wright.

Attorney Bert Fish of DeLand was in the city for a day or two this week on legal business.

J. C. Vertrees, Jr., of Palatka, after spending a couple of days here, has returned to his home.

The Baptist Young People's Union will have an interesting session Sunday evening. All are cordially invited to attend.

Mrs. L. M. Brokaw of DeLand, and her brother N. D. Mann, of South Omaha, Neb., are visiting A. K. Brokaw and family, on Fairview avenue.

From the time the curtain rises in the first act, until the final last act, there are just 150 moments; in that 150 moments there are 300 laughs. See "A Breezy Time." You will laugh. At Opera House, Saturday, Dec. 9.

R. E. L. Connelly, second vice-president of the Carpenter and Joiners' Union of America, was in Daytona last week and delivered a talk to the local branch of the organization Saturday evening.

The Gazette-News has turned out more job printing the past month than any previous month this early in the season. This shows that our class of printing is appreciated, and we desire to assure our patrons that we also appreciate their orders. Remember, if its printing, we do it.

The John B. Stetson University football team has won the championship of the State of Florida. Its team has played an inter-collegiate schedule and also the strong Jacksonville team and was not scored on in a single game. The Stetson base-ball team last spring won the base-ball championship. Editor George W. Wilson of the Times-Union has presented the champions with a trophy cup.

Judge and Mrs. J. Lee McCrory, of DeLand, are at Kingston, the guests of Rev. and Mrs. J. E. Mickler.

O. E. Floyd, of Orlando, representing a Savannah grocery house, after spending a couple of days in Daytona, left Wednesday afternoon for the south.

"A Breezy Time" is built for laughing purposes only. After seeing "A Breezy Time," and can't laugh, see a doctor. At Opera House, Saturday, Dec. 9.

**Will Test the Ordinance.**

R. T. McFadden was arrested last Saturday for the alleged violation of the ordinance requiring persons selling shells, curios, jewelry and other merchandise on the water front to pay a license of \$250. Mr. McFadden contends that the ordinance is unconstitutional and, it is understood, will carry the matter to a higher court. The case came up before Mayor Smith last Saturday but at the request of Mr. McFadden was continued until such time as his attorneys can be present.
